There is scarcely a day passes but there are a num ber of cases of Consumption reported as cured by the use of Dr. Townsend's Sarsaparilla. The following was recently received.

DR. Townsend-Dear Sir: For the last three years have been afflicted with general debility, and ner-

After going arrough a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and valuable and certain remedy for Colds and Coughs, attempting to regain my health, and after reading in some paper of your Sarsaparilla I resolved to try it. After using six bottles I found it done megreat good and called to see you at your office, with your advice I kept on, and do most heartily thank you for your advice. I persevere in taking the Sarsaparilla, and have been able to attend to my usual labors for the last three months, and I hope by the blessing of God and your Sarsaparilla to continue my health.— helped me beyond the expectations of all that knew

DISEASE OF THE HEART, RUPTURE AND DROPSY NEW YORK July. 22, 1846.

DR. TOWNSEND-Dear Sir : My wite has been afflicted with a terrible rapture for over fitteen years, the greater part of the time. She has been troubled with shortness of breath & great fluttering of the heart which has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had taken but three bottles of your excellent medicine she was entirely relieved of the disease of the heart, and he rupture has almost entirely disappeared.

She has also had the dropsy, and was very much swollen. We had no idea that she could be so bettefited, as she had such a complication of diseases. But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is sober reality. Your Sarsaparilla is certainly a valuable medicine, and should be used by every one that suffering as we have been. It any disbelieve this account, they are at liberty to call at my house and have ocular demonstration. Yours, respectfully, WILLIAM TOWSER, 1 James st.
